# Coffins & Caskets

Choosing a casket or a coffin can be difficult but is an important part of the funeral arrangement. Peter Tobin Funerals offers a range of coffins and caskets to suit the wishes of you and your family. The main difference between a casket and a coffin is one of design. Whereas the coffin is tapered at the head and the foot the casket is basically rectangular. Both the coffin and the casket come with different design components and in different materials.

## COFFINS

Particleboard/Fibreboard range which can come either painted or with a paper laminate to give the appearance of timber.
